

MATH TIME DIVISION

Complete the division problems below.

4÷2= 40÷10= 50÷10= 10÷2=

54÷6= 6÷3= 24÷8= 32÷4=

12÷3= 8÷4= 28÷7= 6÷6=

4÷2= 40÷10= 50÷10= 10÷2=

5÷5= 7÷7= 18÷9= 8÷2=

2÷1= 60÷10= 8÷8= 21÷7=

4÷2= 80÷10= 9÷3= 54÷9=

9÷3= 4÷1= 42÷7= 48÷8=

12÷3= 8÷4= 28÷7= 6÷6=

Who is your favorite rapper? Well, mine is Lil Wayne! He is the best. My favorite singer is the one the only, Be-yonce! She plays in movies, and sings songs. My favorite movie she plays in is "Obsessed." She did an awesome job! If I get to work with her and Lil Wayne nobody could tell me anything. And last but not least, Mirah Carey. I love most of her songs. But the one song I like the most that she sang is "Obsessed." I personally think she watched the movie "Obsessed", then she had to write a song about it. She's the best. I think she will play in some movies soon.

A person's mind has imagination but technology such as video games are killing it. Technology may do that but it can be fun too. Video games make your hand reflex faster. This will keep you busy if you are bored to death. So don't be afraid to run from video games, just play it and you will join the game side. Video games maybe fun but I learned that some people can get really angry that they can't beat the game. Do you know what they do? The people look up cheat codes. I don't blame them because I done it a few times before and if you was mad at a game you would probably look up cheat codes too and get it over with. So you use the cheat codes if you can't stand the video game and just get it finished or you just use it because you are a cheater. That's why those are called cheat codes. If you have a video game do you think you can just play it? No, because you need a game system! If you don't have a game system, than you can't play the video game. Sometimes you can play the same game but on a different system like a Game cube game can be played on a Nintendo Wii or a Game boy Advance game being played on a Nintendo DS. Well, now you know about game systems.

Let me sing to you and make you feel like doing it! To begin with singing is entertainment to me because it is fun. I can change my pitch. I can make it higher or lower. I have a good time doing it. Nobody has to mess with me because they are doing their own fun. Yesterday I was listening to my radio in my room and when my favorite song came on I heard Hannah's voice go up and down and I started to sing along. So as you can see singing is a lot of fun. Let me sing to you and make you feel like doing it! To begin with singing to people is fun because I am not afraid and I can do it every where. Plus I like to go to the park and sing to people. I can sing as much as the birds. So as you can see singing is my entertainment. It is fun. I can sing to other people and I can sing anywhere. Remember you can sing anywhere you want just don't be scared to try.
