I like football because it's fun. My favorite team is the Florida gators. I think they are a really dynamic team. They are really energetic. I can tell that it helps you get more strength because football players get to throw really far. Tim Tebow is awesome. He is the quarterback player. He is really excellent at quarterback that is why I like Tim Tebow. Quarterback is really fun. You know my favorite sport and team. Do you have a favorite sport and team?

Touch Down!!! The crowd screams, cheerleaders cheer, the coach yells, the teammates zoomed, and shoved throughout the whole game. The coach said, "what are going to do" "win the game" said the teammates, "then get out there and do it" yelled the coach. Yaaaaay!!! The crowd screamed. They're here. Yaaaaay! Boom! A mans falls on the ground, touchdown! We won! "The best day of my life" the coach said. We are the champions.

Have you ever tried to skateboard? Well if you haven't I'll tell you some tricks so you can try. First, I'll tell you about the manual. To do a manual, you have to balance on the two back wheels. But watch out lose your balance and the next thing you know, "Boom" your on the ground. Next, are you ready to hear this one? I hope you are because here it comes. This next move is called a nose manual. It gets its name because you have to manual with the wheels closet to the nose of the board. This one is a little harder because if your going to fast may cause you to flip and do a face plant! Just kidding. It's pretty simple, but like I said it is harder to maintain balance. Finally what is that? A manual? A

nose manual? No! It's an ollie. An ollie is pretty complex, but don't worry I'll tell you everything. To perform an ollie you have to pop the tail of the board, then slide the foot that is in front up to the nose, while sliding foot up lift the foot that was on the back and yes! You have just done an ollie. Ask a friend to see how high you are doing an ollie. You see all those tricks there is even more than that! Now I hope you will also try to skateboard.

What I would like to write about is sports. My first reason is because sports are good things for entertainment. The second reason is because basketball is my favorite sport and I think it would be a good thing to write about. My third reason is because I think sports are very important things in the world. First sports are good things for entertainment. I think sports are entertaining because at games they put them on TV and on cameras. I think entertainment is something that is important and things that you can do by yourself. Last, entertainment gives you information about things like sports. Second basketball is my favorite sport. I think that it is a good thing to write about. Basketball is one of the most famous sports in the world. People talk about basketball all over the world. Since sports are so popular, they should be on more than TV. Last, sports are very impossible to play if you never ever saw them before. Thank you for reading my essay and I hope that you enjoy what you are reading.

leadership | 'lēdər, sh ip|
noun

the action of leading a group of people or an organization
